

Rene Sandler, Esq.

SANDLER LAW LLC

Rene Sandler, Esq. is proud to be the only female recognized by her peers as a Top Attorney for Criminal Defense in this issue of Bethesda Magazine. Born and raised in Montgomery County, Sandler is a zealous advocate who fights passionately on behalf of her clients in every case.

I am in trouble—why should I hire you as my attorney?

I have extensive experience in criminal (adult and juvenile) misdemeanors and felonies, DUI, MVA and traffic matters, and all aspects of child protective services investigations, including administrative appeals. For more than two decades of handling criminal defense in Maryland, I have practiced law and litigation with one motto: Results Matter.

You should feel complete confidence and trust in making the decision to hire an attorney. I am committed to work closely with each client to set goals and develop strategies to obtain the desired results. I approach cases with creativity and outside-the-box thinking to problem solve and identify all of the issues in a case.

The amount of time I dedicate to each case absolutely sets me apart from other attorneys. I am accessible to my clients and regularly communicate to keep them up to date and informed about any developments in their cases. Every case and client are important and deserve my personal attention, time and full consideration.

What tools are available to assist you in defending cases?

In today's world the use of social media and technology are featured in almost every case. A criminal lawyer must be skilled and competent in the use of technology and how to use it to benefit a client.

As an experienced litigator, I use state-of-the-art tools in investigations, including forensic experts, to afford clients the best possible defense. My knowledge and skills in forensic evidence, such as DNA and digital evidence, gives my clients cutting-edge advantages for their cases.
